Dear Sir:

I am in receipt of your letter of Feb. 20th asking about the possibilities of playing baseball with The Eagles after your discharge from the army.

Your letter was very informative, and if all the things you said in it are true, you sound like an interesting prospect.

We will train this year in Richmond Va., and will stay at Virginia Union University. We leave for camp April 8th. We plan to play in Atlanta April 29th. It may be possible if you are off that week end, you could come to the game, and talk to me.

Where is your home? Are you married? Any children? Are your parents living?

I will be glad to hear from you again.

Very Truly Yours
